

California Agricultural Leadership Foundation

The California Agricultural Leadership Program – operated by the California Agricultural Leadership Foundation (CALF) – is an advanced leadership development experience for emerging or mid-career leaders in agriculture. It is considered to be one of the premier leadership development programs in the U.S. The 17-month program includes dynamic monthly seminars at our four exceptional partner universities – Cal Poly Pomona, Cal Poly San Luis Obispo, Fresno State and UC Davis – plus national and international travel seminars.

Since 1970, more than 1,400 fellows – including more than 50 from Ventura County – have become lifelong leaders who individually and collectively act as a catalyst for a vibrant agricultural community and make a significant difference in the agricultural industry, their businesses, communities and families.

Ventura County alumni appreciate your support and participation in this 33rd annual golf tournament. All proceeds are forwarded to the sponsoring entity: CALF. The foundation and program are entirely funded by industry and individual donations.

For more than 50 years, Ag Leadership has relied on the generosity of alumni, friends and industry to support our program and further our mission of “Growing leaders who make a difference” and our vision of “Leaders united to strengthen California agriculture and sustainably supply the world.”
